GestiConnect

Gesticconnect is at the forefront of leading technology solutions for benefits processing in the Quebec marketplace.

Gesticconnect's FlexPlus Solutions can transform back office operations for emerging market employers with more flexible plan designs and a seamless digital enrollment experience for plan members.

Our FlexPlus® Solutions are offered through our independent network of group insurance Brokers, MGAs and TPAs in Quebec with support from a Quebec based, dedicated multi-lingual team, that will help to harmonize the delivery of benefits to Quebec employees in the emerging market.

FlexPlus®

Modern benefits technology solutions

FlexPlus® is a game changer for Brokers. It delivers an automated administration experience to manage and retain clients. A white labelled TPA environment that enables a strong brand and provides a total solution for many of the Broker pain points to include automated enrollment and annual renewals. Access modern digital group product offerings to enhance client service while introducing new revenue opportunities to grow your business.

FlexPlus® EXCHANGE

Our Broker CRM portal is a key differentiator for managing group benefit clients, enabling in-depth analysis to understand and maintain your client base. Run targeted automated campaigns to provide solutions that better address your client's need and gives you more control.

- Client Communications
- Targeted Marketing Campaigns
- Lead Management
- Quote Management
- Request Carrier Pricing
- FlexPlus® ENTERPRISE Integration
- Contract renewal management
- Enhanced reporting & analytics
- Manages Broker commissions

FlexPlus® ENTERPRISE

Benefits Administration platform streamlines and automates your business processes. Your Plan Sponsors can now offer employees a modern digital, self-service platform to enroll and manage all their benefits in one environment, for a better benefits experience. Access a unique product marketplace to introduce digital voluntary group product offerings into your benefits plans.

- Digital TPA portal
- Plan Sponsor & Member portals
- White labelled to your brand
- Easy, flexible design of all plans
- Single Sign-On capabilities
- Flexible billing management
- Document storage & management
- Real time analytics & reporting
- Integration with 3rd party systems (i.e. HR, Payroll, ERP, etc.)
